

## Oligarch

Beyond the law  
lonely on top  
protruding thaw  
tax on the crop.

Bathing in luxury  
walking on poverty  
washing the profits  
roaming the streets.

Dealing with lives,  
ready the knives,  
lead against foe  
the deadliest blow.

Render the bill,  
bow to God's will,  
end your life dire  
in your own fire.
