

Stalinist

Many a wandering guys
are Stalinists in disguise
They glorify good old times
forgetting the horror, the crimes.
Gone the era of sealed off towns
Poverty, bankruptcy are new nouns,
so are corruption and criminal gangs.
Suddenly the state is too weak,
too poor to pay for aging freak,
it hardly sustains the onslaught
of powers, money and fraud.
The new system is criticized
by the Stalinist in disguise,
resurrection as political wave,
it calls the evil out of the cave.
Economy will settle the conflict
soon there will be no one to contradict.
An entire generation as victim
we need to keep them high in esteem.
The Stalinist is also a human being,
humanity will prevail over Stalin's cling.
